ETHIOPIANS DEMAND SANCTIONS

LEAGUE TAKES FIRST STEP WILL DETERMINE AGGRESSOR ASSEMBLY TO MEET ON WEDNESDAY

(SPECIAL TO "TELEGRAPH")

Geneva, Oct. 5.
Ethiopia has demanded that the League of Nations immediately invoke military and economic sanctions against Italy and the Council has agreed to convoke the Assembly on Wednesday to consider this request.
The Committee of Thirteen has submitted to the Council a resolution that "any violation of the League Covenant should be immediately ended."
The Committee of Five, meanwhile, has recommended that the Council ask both belligerents to cease fighting, refrain from further violations of the Covenant, and to accept a pacific settlement.

The topographical map reproduced above shows the nature of the country in which severe fighting is now taking place. The Italian advance on Gondar must be made over broken and precipitous mountains, the majority of which are several thousand feet in height and favourable to the defenders.

FRANCE OPPOSES BLOCKADE INTERNAL TROUBLE THREATENS WON'T RISK SANCTIONS WITHOUT PLEDGES

(SPECIAL TO "TELEGRAPH")

Paris, Oct. 5.
The Cabinet has approved of giving the Prime Minister, M. Pierre Laval, a completely free hand to continue operations at Geneva "in accordance with eventualities."
The Ministers, however, have insisted upon strong reservations.
One authoritative informant declares they have limited French action in respect to sanctions to an embargo "on munitions, materials for war or industries of war, and war credits."
"France," says this authority, "does not join in any blockade of Italy; nor does she join in the application of any measures leading to war."

ACTION AGAINST ITALY

Geneva, Oct. 5.
The Council's first step towards designating Italy the aggressor, preparatory to the application of penalties, despite Italy's resignation from the League, if any but the mildest penalties are imposed, has been taken.
The Committee of Thirteen has reported Ethiopia is guiltless and aggression is thus implied against Italy. The Council has decided to take a formal vote on Monday with respect to the recommendations for cessation of hostilities, pending a settlement, and the sub-committee of Six met privately to-day.
It is learned that the facts of aggression are self-evident and the Council will meet Monday in all probability naming Italy as the aggressor.—United Press.

GERMANY MAY AID ITALIANS

PLAYING GAME FOR HUGE STAKES FOR SALE TO HIGH BIDDER?

(Special to "Telegraph")

(By Telegraph. Copyright, Telegraphic Messages, Ordinance, 1914. Licensed, October 6, 1935 a.m.)

Berlin, Oct. 5.
As the African war is drifting to Europe, an atmosphere of intrigue—similar to the atmosphere which in 1918 ended the Kaiser's Empire—is apparent.
Germany appears to be playing a deep and quiet game for mighty stakes. If and when she must choose on which side she will be in the event of the African war engulfing Europe, Germany may sell herself to the highest bidder, and she believes that the law of supply and demand will make the price stupendous.
Many Foreign Offices will be seeking her aid if events move along the indicated path.
It is conceivable that the Reich will support either side should a European war break out. The counter-balances include:
(1) Fascism and Nazism are psychologically related, and a Fascist collapse would have terrible repercussions in Germany;
(2) Germany is sympathetic to Italian colonial expansion;
(3) Germany intensely desires British friendship, due to her hate and fear of the Soviet and the fear of France swinging against Italy in a desire to upset the traditional Franco-British co-operation;
(4) Hungary desires to follow Germany and Austria in re-arming.
Despite a meticulous appearance of neutrality, Germans realise that it may soon be advisable to take sides, preparation for which is quickly proceeding.—United Press.

ITALY NOT NAMED

Geneva, Oct. 5.
The Committee of Thirteen's report to the League Council avoids directly branding Italy the aggressor in the African war.—United Press.

LEAGUE MEETING

London, Oct. 5.
The League Council met to-day. Speeches were made by the Italian member and the Ethiopian representative, and the Council then adjourned till Monday.
The Committee of Thirteen held a long session this morning and at the meeting this afternoon continued their task of making a report on the dispute. Both Mr. Eden and M. Laval were present.
At 3.30 a private session of the Council began. Later, it was learned that the Assembly has been convened for Wednesday afternoon. Meantime the Secretariat had received a long communication from the Ethiopian Government. The Ethiopian Note contains a reasoned request for

Swordsmen Face Death From Sky

HELPLESS AGAINST ITALIAN PLANES CALM UNDER BOMB ATTACK

(Special to "Telegraph")

Addis Ababa, Oct. 5.
John Robinson, a Chicago-born negro, who is flying with the Ethiopian forces and who to-day fought a running duel with two Italian planes and escaped unscathed, tells a remarkable story of the bombing attack on Adowa.
"I arrived at Adowa on Wednesday with despatches and stayed overnight.
Four bombers arrived on Thursday and the first flew over the outskirts of the town dropping their explosives.
"I saw Ethiopian soldiers standing dumbfounded, gathered in small, silent groups, their swords in their hands, gazing into the sky with a futile fury blazing in their eyes.
"There was confusion as houses started to go up in smoke all around but no panic.
"The killed and wounded were chiefly in the vicinity of the hospital.
"I cannot estimate the dead. But there were hundreds in a great extermination."—United Press.

ITALIANS DEFEATED IN NORTH

BIG SCALE DRIVE TOWARDS HARRAR CASUALTIES SEVERE

(Special to "Telegraph")

Addis Ababa, Oct. 5.
Although the Italian war machine is sweeping through the Ethiopian defences on most fronts, the black army under Dajazmach Ayalen are reliably reported to have inflicted a severe defeat upon the invaders in the north part of Gondar province, near the Sudanese border.—United Press.

BIG SCALE DRIVE

(Special to "Telegraph")

Rome, Oct. 5.
It is officially announced that a big-scale drive from Italian Somaliland towards Harrar has begun, and that Dolo has been occupied and Gorrabel is being bombarded.
Emperor Selassie has ordered foreigners to evacuate Dire-dawa, which is in the path of the new drive.
It is reported from Harrar that eight hundred were killed in the aerial bombardment of Adowa.
The special correspondent of the United Press with the Italian Army says the General Staff expects that Adowa will be occupied at any moment.
The Northern Army is attaining its objectives almost without incident, columns of labourers following up after the troops and building highways.—United Press.

PUBLIC HEALTH IN CANTON

MEDICAL SERVICES FOR PUBLIC

Canton, Oct. 5.
After the establishment of the district medical offices by the Bureau of Public Health, much has been done in the way of rendering medical service to the populace of this city.
According to reports, more than 6,430 persons received medical care in one way or another during last month.—Central Press.

Djibouti Railway Attacked

FRENCH INTERESTS INVOLVED FOREIGNERS TO LEAVE

(Special to "Telegraph")

Paris, Oct. 5.
A French news agency issues a report, so far unconfirmed, that the Italians have bombed the French-owned Djibouti-Addis Ababa railway in two places.—United Press.
MUST EVACUATE
(From United Press Correspondent with the Ethiopian Army at Dire-dawa.)
Dire-dawa, Oct. 5.
Emperor Selassie has ordered Albert Durieux, commanding the Franco-Ethiopian railway guards, to evacuate all foreigners immediately.
He expects Dire-dawa to be under bombardment at any moment.
The Italians are expected to attack from Somaliland and Eritrea and to converge at this point for an advance along the railway towards Harrar, and into the south-west.—United Press.

NAVY INVADES TOKYO

BACK FROM ARDUOUS MANOEUVRES

Tokyo, Oct. 5.
The Imperial Navy has completed its manoeuvres and returned to Tokyo Bay after arduous and sometimes exciting days at sea. The Fleet saw storms and one of the destroyer squadrons lost over 50 men overboard during a typhoon.
But to-day the seamen were on holiday. Forty thousand strong they came to Tokyo and paraded the streets while overhead throughout the day hundreds of aeroplanes soared.—United Press.

COPPER MARKET STRIPPED

PRODUCERS UNDER SIEGE WAR SUPPLY DEMANDS

(Special to "Telegraph")

New York, Oct. 5.

European markets are virtually stripped of copper supplies, due to war buying c.i.f. at twenty points over yesterday's prices, this being the sharpest daily rise for months.
It is reported that Italian agents are besieging the leading producers, seeking the purchase of 60,000 tons. Dealers believe that Italy has already accumulated a large reserve, and is now buying as a precaution.
American mines have increased their output markedly. Meanwhile, buying continues heavily, with indications of large exports.
It is understood that war factories in the United States, Britain, Germany, Italy, Japan and France, are taking all reserve stocks, indicating that the copper cartel may be forced to revise its restrictions as applied to the producing countries.
French commercial demand is non-existent, due to the depression; hence imports are designed for the war factories. It is noteworthy that France has reduced the tax on copper to two per cent. in order to encourage storage in bonded ports.—United Press.

PABLO DANO TROUNCED

PANCHO LEYVAS WINS ALMOST AT WILL

Hollywood, Oct. 5.
Pablo Dano easily won the decision in a ten round fight against Pancho Leyvas to-night.
Leyvas punched Dano almost at will, and took seven of the ten rounds.—United Press.

MESSAGE TO LONDON

London, Oct. 5.

It is learned that the Italian Ambassador has conveyed to Sir Samuel Hoare a message from Signor Mussolini stating that Italy will not withdraw from the League unless other members make her position at Geneva intolerable.
The Italian note reiterates the Government's determination to localise the conflict with Anglo-French co-operation.—United Press.

MILD PARTICIPATION

Paris, Oct. 5.

It is learned that the Cabinet has instructed M. Pierre Laval not to agree to vigorous anti-Italian measures.
On the best authority it is stated that France will participate only in the mildest economic and financial penalties.—United Press.
M. Laval, prior to departing for Geneva, announced to the Ministers that he will proceed cautiously, not committing France to any military operations unless he first obtains a binding British pledge of equal assistance in the event of a Franco-German war.
Indicative of M. Laval's anxiety was the order for the issue of a proclamation urging the people to remain calm and end their party quarrels in face of the world crisis.
Meanwhile, newspapers have hinted at the possibility of civil war if M. Laval agrees to military sanctions. Gangs of Royalist youths have been parading, shouting, "No sanctions."
These same people have placarded the city with bold posters reading: "We want no war with Italy."—United Press.

BRITAIN'S DUTY

The Prime Minister, Mr. Stanley Baldwin, told the Conservative Party conference here to-day that Great Britain was strengthening her armaments in order to preserve the peace of Europe, but not to take isolated action.
He reiterated that collective security "rests with all and must be faced squarely by all."
Regarding Germany, he said that the "rearming of another great nation alters the European perspective. I cannot conceal that some day the fulfilment of League obligations may mean the use of arms to maintain the Covenant."
"We cannot—any nation and we are Empire—refuse to play our part on the Continent in which the hand of God has placed us."—United Press.

GERMANY REGAINS STATUS CHINESE GENERAL'S VIEW

Canton, Oct. 5.
General Lu Yt-shien, erstwhile Vice-Principal of the Kwangtung Military and Political Academy, now Chairman of the Commission of Air Defence, arrived at Canton yesterday from a trip to Europe. In an interview granted to reporters, he revealed that he had observed, during his trip, the military organizations and status of the Powers very closely and he has now come to the conclusion that Germany has already regained her pre-war status.—Central Press.

IRRIGATION IN KWANGTUNG FARMERS REQUIRED TO HELP

Canton, Oct. 5.
The Provincial Government yesterday issued an order to the magistrates of the districts decreeing that henceforth all farmers, during their spare hours, should be compelled to do water drainage, irrigation and water storage work. This means that, hereafter, the farmers will have to dig wells and ponds, build dams and dig tunnels. All this is to be done for the increase of agricultural production.—Central Press.

JAPAN'S GUARDED OPINION WON'T COMMIT HERSELF

WAITING FOR BRITAIN

(Special to "Telegraph")
Tokyo, Oct. 5.
The British Ambassador, Sir Robert Clive, yesterday visited Mr. Shigemitsu presumably to discuss the Japanese attitude and position with respect to the Italo-Ethiopian situation.

While details of the conversations were not revealed, usually accurate sources say it is understood Mr. Shigemitsu stated that the position was virtually identical with that described by a Foreign Office spokesman a few days ago. In short, Japan was awaiting clarification of the issue before making up her own mind.

Newspapers point out that since Great Britain and France have not clarified their positions, Japan is naturally watchfully waiting; but nothing more.

INSURANCE NERVOUSNESS

Several Japanese insurance experts believe that the rapid advance in marine insurance rates is due in a large measure to nervousness, and for that reason Japanese companies yesterday had not changed their rates.

Experts believe that unless sanctions are actually applied, there is little danger to shipping, unless some country commences laying mines in the Mediterranean. In this event, Japanese companies would be expected to act independently.

Three vessels insured by Japanese companies are shortly entering the "trouble zone."—United Press.

the application of Article XVI of the Covenant against Italy.

RESORT TO WAR

After rehearsing the development of the dispute in detail to prove that throughout, the Ethiopian Government "has strictly conformed to the recommendations given in the hope of reaching such an amicable settlement as it has always desired, despite its growing conviction that no equitable solution would satisfy its intransigent neighbour," the Note proceeds:—"The Ethiopian Government respectfully but firmly asks the Council to declare that these indisputable facts constitute a resort to war by Italy within the meaning of Article XVI of the Covenant and that this resort to war has ipso facto brought about the consequences laid down in Article XVI, Paragraph 1. Lastly, the Ethiopian Government respectfully asks the Council to fulfil the duty devolving upon it under Article XVI, Paragraph 2, to put an end as soon as possible to the hostilities which have just begun in defiance of law and most solemn obligations."

ALOISI EXPLAINS

At the public session of the Council the Italian member, Baron Aloisi, declared if the Council had carefully studied the Italian memorandum and the declarations of the Italian Government on the origin of the dispute it would have seen that Italy had been obliged to take precautionary measures to assure the safety of her colonies situated thousands of miles from Italy itself. No other states could have neglected the exigencies of the situation and consequently the present military operations of Italy following the Ethiopian mobilisation were perfectly legitimate.

The Ethiopian representative's speech followed closely the lines of the Ethiopian Government Note to the League asking for application of Article Sixteen. M. Hawariat concluded by asking the Council to telegraph the Italian Government requesting that hostilities should cease.

Before adjourning till Monday Council appointed a Committee of six members to examine the situation in the light of the disputants' statements. The British member, Mr. Eden, urged strongly that the Committee should lose no time and it was agreed it should begin work to-night. The Committee consists of Mr. Eden, M. Laval, Senor de Madariaga, of Spain, M. Titulescu, of Roumania, Senor Monteiro of Portugal and a representative of Chile.—British Wireless.

Selling Out To Japan COMPANIES DISPOSE OF SHARES

(Special to "Telegraph")

Tokyo, Oct. 5.
The Columbia Gramophone Company, and its subsidiaries, has sold the majority of its shares in its Japan branch, known as the Nipponophone Company, to Japanese interests in consideration of the payment of 2,800,000 yen. The Goodrich Company, also, has sold fifty-one per cent. of its stock in the Japanese branch to Japanese interests, on payment of 2,880,000 yen. The transactions become effective when official Government permits are issued.—United Press.

MORE WORK IN BRITAIN DECREASE IN THE UNEMPLOYED

London, Oct. 5.
The Ministry of Labour's estimates of the numbers in employment and of registered unemployment on Monday, and it is generally anticipated that they will show a continued increase in employment, accompanied by a decrease in the numbers of unemployed.

In a recent speech, the Minister of Labour, Mr. Ernest Brown, referred to the suggestion sometimes heard that the decrease in number of registered unemployed is due to transference of persons drawing unemployment insurance pay to poor relief, and explained that the suggestion was baseless, since it was, as a rule, a condition for receipt of poor relief that able-bodied unemployed should be on the register of the Labour Exchanges.

The Ministry of Health had recently estimated that all but 13,000 of the able-bodied unemployed were so registered, and therefore included in the Ministry of Labour's returns. He then recalled that between September, 1931, and August last, the numbers registered as unemployed fell by 864,000 and in the same period the estimated number of insured persons in employment increased by 1,086,000.—British Wireless.

MOTOR MISHAPS TWO LADS SENT TO HOSPITAL

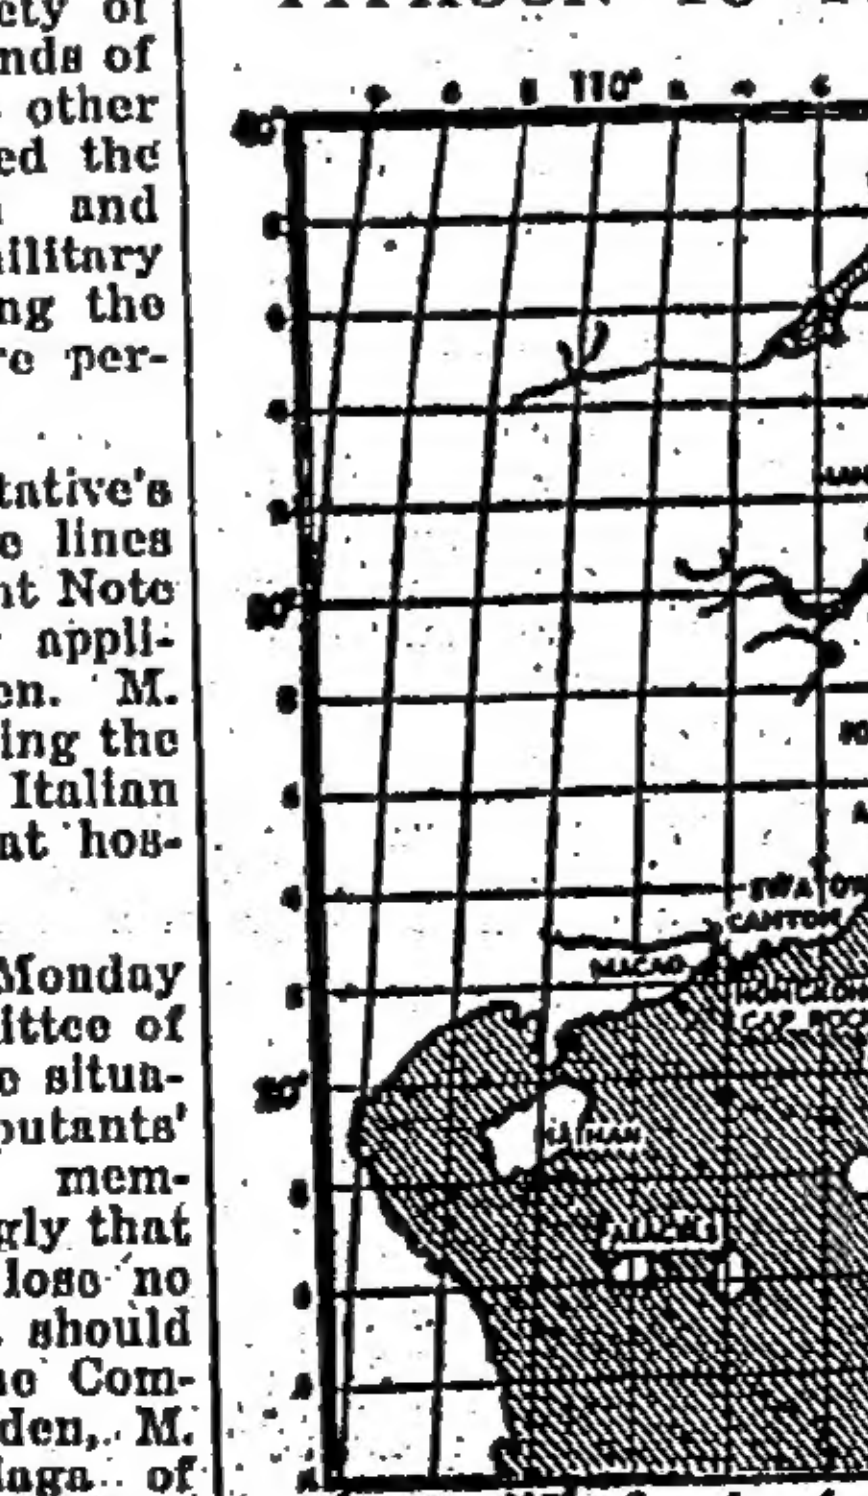

In two traffic accidents which occurred yesterday, the victims were 14-year-old boys. Both lads were admitted to hospital.

A. Gross, of No. 7 Homuntin Street, ground floor, reports that about 4 p.m. yesterday he was driving car No. 2381 along Tai-po Road when he knocked down a 14-year-old boy, Kwok Chung-kwong, of No. 792 Nathan Road. The boy was admitted to the Kowloon Hospital suffering from an injury to the right ankle. The driver of lorry No. 534, Sik Yee, reports, that whilst driving along Day Voeux Road Central, he knocked down a 14-year-old boy, Chan See-wah, of No. 87 First Street, who was removed to the Government Civil Hospital suffering from a fractured right foot.

TIGERS AGAIN VICTORS LEADING CHICAGO BY THREE-ONE

CUBS' COSTLY ERRORS

(Special to "Telegraph")
Chicago, Oct. 5.
The Detroit Tigers are now leading by three matches to one in the World Baseball Series. The American League champions were beaten in the opening match at Navin Field by three runs to none but they won the second game by eight runs to three.

The first match at Wrigley Field yesterday went to the Tigers by six runs to five while to-day the Detroit team beat the National League champions by two runs to one.

In to-day's match the Tigers scored two runs from seven hits while the Cubs made one run from five hits, and committed two errors.

Alvin Crowder pitched for the Tigers with Gordon Cochrane behind the bat while the Cubs had Jimmy Carleton and Charley Root in the mound, and Charley Hartnett catching.—United Press.

ascertained. However, estimates place the figure at upwards of three thousand. Those who have perished include many non-combatants.

The Ethiopians are reported to be offering steady resistance to the Italian advance on Adowa, heavy fighting occurring at Maivara, a mud shack village. Addis Ababa remains amazingly calm.—United Press.

BLOODLESS OCCUPATION

London, Oct. 5.
The Daily Mail reports from Asmara that the Italians occupied Adigrat on Friday with scarcely any loss of life, due to the Ethiopians withdrawing and not attempting a defence.

The Exchange Telegraph reports the Italians have penetrated over thirty miles in some places and are converging upon Adowa from several directions.

They have already made contacts with large bodies of Ethiopians and a pitched battle is believed to be imminent.—United Press.

GOING TO FRONT

London, Oct. 5.
An Addis Ababa press telegram reports that the Emperor of Abyssinia is preparing to depart to the Northern Front, where severe hostilities are still raging.

Other reports refer to engagements between Italian and Abyssinian troops and Italian aerial activity in the south-west.—British Wireless.

NO INTERVENTION

Twin Falls, Idaho, Oct. 5.

CHINA'S FOREIGN POLICY DEMAND FOR FIRM STAND

Canton, Oct. 5.
The Kuomintang Headquarters in France and the Chinese Students Union at Paris recently circulated telegrams to the effect that they would stand by the government if a strong foreign policy were adopted. The government at Nank-

ing had been weak, declared the telegrams, and every day more rights were lost to the enemy nation. The government must change its policy or the country would go to ruin, said the telegrams.—Central Press.
